

Managed SMS

“Engaging my service is as good as engaging the whole company, thousands of agents will instantly work together to close your sales in shortest time!”
- Realty Agent who proudly claims in his ads using our technology

Agents Alliance Network

Property companies and agents use the platform to:

1. Broadcast projects, trainings & conferences
2. Provide real-time & targeted SMS Co-broke networks
3. Build Contacts DB & share it with full control
4. Use Info-On-Demand to manage enquiry responses
5. Allow agents to push & get sales leads
6. Handle SMS Opt out automatically
7. reduce SMS costs & more ...

While other SMS solutions provide only simple SMS broadcast, SKYROAM provides a complete digital marketing management and agent communications services that enhance the agents and companies sales performance with real-time targeted **SMS Co-Broke** for agents who are always on the move, enhances the communications gaps of the agents and company with **SMS Networking** and improves customer experience, free up your time on pre-sales enquiries, provide project brochures download with **SMS Info-on-demand**. In addition, it's a green technology that automatically builds clients contact database for you and protects you with automatic **SMS opt-out handler**, a regulatory anti-spamming requirement for SMS Broadcasting.

SMS/Email Broadcast

Broadcast with multi-media contents using own Sender ID & auto Opt-out handler.

Secured Phonebook

Broadcast SMS or Email via own phonebook or company's database with contact encryption.

Free listing
